Lynchburg, Va., March 14.—It is reported in raliway circles that the Norfolk and Western will shortly put into commission a number of new and much larger locomotives on its passenger train service than are used on the system now. One result of this, it is said, will be that during the month of April a new schedule will go into effect, whereby much faster time will be made by the through trains. It is said that the time between Norfolk and Lynchburg will be cut down an hour at least.

Buckingham, Va., March 14.—The case against W. Dallas Wright, charged with complicity in the murder of Thomas and William Stewart on April 30, is to be called in the Circuit Court, which opens here to-morrow. An emergency clause was added to the recently passed bill, which placed Buckingham county in Judge Hundley's district, so that the change becomes operative at once, and Judge Hundley will open court to-morrow. It is understood that Judge Gordon expressed a wish that the change take place from the time of the passage of the bill by the Legislature.

Two very important chancery cases have been argued before Judge Gordon this term of the court. Now it seems a question as to what disposition is to be made of these cases, whether Judge Gordon will render his decision or whether these causes will have to be tried anew before Judge Hundley. Sentence has not been passed on the negro Edward Jones, who was tried and found guilty of compiletty in the Stewart murder. Passing of sentence was delayed to await the outcome of the trial of Wright and the negro Richard Perkins, also charged with the crime. It seems to be a question whether Judge Hundley could or would
